

## GUSEV symposium “**Highlights of GUSEV Research**”

**An ISEV2024 satellite event** (hybrid, Zoom link will follow soon per mail)

Where: Melbourne, Australia

When: Thursday, 9 May | 5:45-7:30 pm AEDT | 7:45 -9:30 am CET | 2:45- 4:30 am EST |

### **Program**

- 5:45 pm Short activity on GUSEV and UTF initiatives - Uta Erdbruegger (USA), Monica Ng (Australia)
- 6:00 pm Highlights in kidney EV research - Helen Healy (Australia)
- 6:30 pm Highlights in urology EV research - Takahiro Ochiya (Japan)
- 7:00 pm Highlights of reproductive EV research - Carlos Salomon (Australia)
- 7:30 pm Announcements and Farewell by GUSEV Hosts - Uta Erdbruegger (USA), Monica Ng (Australia)

Come and join us at the satellite event of the Special Interest Group **Genitourinary System Extracellular Vesicles**. We will be starting off with **an update on SIG GUSEV and urinary EV Task Force initiatives**. This will be followed by a "Highlights" tour of recent GUSEV research with sessions on kidney, urological and reproductive system EVs.
